

POSITION ANNOUNCEMENT

POSITION TITLE: Assistant/Associate Professor
Managed Ecosystems

LOCATION: Department of Plant and Soil Sciences
Oklahoma State University

POSITION DESCRIPTION: This is an 11-month, tenure-track, teaching position (100% teaching). The Department of Plant and Soil Sciences has a broad-based progressive vision that integrates managed ecosystems into common land-management and conservation systems. Candidates for this position should have an understanding of agricultural production systems, demonstrated the ability to work cooperatively with a diverse faculty and communicate across multiple disciplines, and a desire to teach.

INSTRUCTIONAL RESPONSIBILITIES: The successful candidate is expected to teach Introduction to Plant and Soil Systems, Applied Plant Science, and other undergraduate courses that integrate ecosystem types and uses under the organization of plant sciences and natural resources. Additional responsibilities include student recruitment and retention and supervision of the internship program. Advising and participation in undergraduate activities is required.

QUALIFICATIONS: Applicants must be broadly-trained with an earned Ph.D. degree in an area related to Crop Science, Plant Science, Range Science, Soil Science, or closely related area. An emphasis in ecology is preferred. Post-doctoral teaching experience or prior teaching experience beyond the high school level is preferred.

SALARY AND BENEFITS: Salary and benefits will be competitive with other leading land grant universities and commensurate with training and experience.

DATE AVAILABLE: The position is available August 1, 2004 or as soon as a successful candidate is identified.

APPLICATION PROCEDURE: Review of applications will begin June 15, 2004 and continue until a suitable candidate is identified. Send a letter of application including areas of interest, curriculum vitae, official transcripts, and arrange for three letters of reference to be sent directly to:
