

**Interdisciplinary
Rangeland Scientist/Ecologist**
GS-11 \$55,191-\$75,735
GS-12 \$66,150-\$85,991

The Rangeland Resources Research Unit at Ft. Collins, CO, is seeking a landscape ecologist or rangeland scientist to conduct production- and conservation-oriented research in semi-arid rangelands. This is a permanent, full-time position and applicants must be U.S. citizens. Research efforts will focus on determining the consequences of land use and climate on ecological processes and vegetation dynamics at multiple temporal and spatial scales. Comprehensive benefits package includes paid sick and annual leave, life and health insurance, and a savings and investment plan (401 K type) are available in addition to the Federal retirement plan. For application information and procedures, you may call Kathleen Peterson at (307) 772-2433x105. Additional information about the position can be obtained at <http://www.afm.ars.usda.gov/divisions/hrd/index.html> (Announcement # ARS-X6W-0122A) Applications must be postmarked by the closing date (05/01/06). USDA/ARS is an Equal Opportunity Employer.
