SUMMER 2008 WORK OPPORTUNITIES

A seasonal position available for Eastern Oregon Botanist to collect
Native Seed

- Eastern Oregon Botanist will be responsible for seed collecting and data entry in SE Oregon, Central Oregon, Northern Nevada and Hells Canyon.
- Applicants with an undergraduate degree in plant/rangeland ecology or other related science; at least two field seasons of relevant field experience; and skills in grass and forb identification will be preferred.
- Applicants must be willing and able to hike 5 miles/day and work outdoors under variable weather conditions. Applicants must provide their own transportation.
- Eastern Oregon Botanist will be a subcontractor under the supervision of Eastern Oregon Stewardship Services. Positions will start June 10, 2008, and end August 15, 2005. Botanist will be paid approximately \$15.00 to \$18.00/hour depending on experience and will be reimbursed for mileage.
- Please send an application consisting of your education, list of references, work history and interest in position to the above address. Inquiries can be made by phone or email now thru March 7 and April 2 thru May 8. Application Deadline: May 9, 2008.
