

How Do You Apply?

If range camp interests you, then download the application and health form. Make sure you use Adobe Acrobat to open the forms. Older versions of Acrobat may give you error messages, but the forms still work. You can fill out and save the application and health forms on your own computer. At the same time, ask an adult other than a parent or sibling to write a letter of recommendation for you. Then you can email the forms and a letter of recommendation to james.gatzke@nv.usda.gov . If you email the letter of recommendation, it must have the adult's official letterhead or it must be a scanned copy of the adult's letter and signature. You can also print the forms and mail them with the letter of recommendation to NV Youth Range Camp; c/o USDA NRCS; PO Box 8; Caliente, NV 89008. Applications must be postmarked or emailed by Monday, April 27, 2009. Within two weeks, you will be notified, if you are accepted to attend camp. You will also be sent in the mail an assumption of risk form. You and your parents must sign and return the form before you can attend camp. If you have any questions regarding the application process, feel free to contact James Gatzke at (775)726-3101.
